WATERSHED CAPITAL

invested in the triple bottom line

The 6th Five Fund Forum: A CleanTech & Sustainable Investment Showcase

BOSTON May 17
NEW YORK May 18
SAN FRANCISCO May 19

TESTIMONIALS FROM PAST ATTENDEES

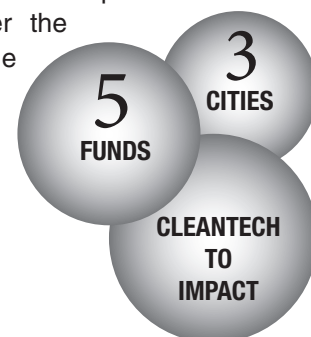

"Excellent idea to showcase funds in this way"

"The forum was professional and I will be recommending it to other asset managers."

"I am impressed with the diversity of the investment strategies represented everything from impact investing to cleantech all in a morning. Very efficient and informative to see what's happening across the spectrum of sustainability."

An unprecedented opportunity for LPs and Asset Managers to meet established cleantech and sustainable funds in capital raising mode

The event showcases sustainable investment funds with differentiated criteria to Family Offices, Investment Advisors, Fund of Funds, and other institutional investors. Funds are selected based on multiple criteria including: management team, track record, investment strategy, and fund raising status. Only second and upwards funds or first funds with a significant prior closing are considered. In addition, the five funds are selected to represent a broad spectrum of investment strategies under the umbrella of sustainability. The event is structured to include group presentations and one-on-one meeting to maximize attendees ability to interact with the fund managers.
